

P.S. Most best address me as, Charlie, is less formal, and really, at times I am the literal proper Charlie, always coming up smiling and having plenty of fun.

My Dear Mahinda & Dianis;

The P. wand is used for Solstice meetings etc., you could use the acorn fruit, plucked from the bush at full moon, this is the ancient P. symbol for many craft uses here, and is indeed ideal, also for H's and girls of rank, use a string of acorns as beads, failing the above mentioned being unavailable if H's lead H. around by P. and waves this to $4\frac{1}{4}^{\circ}$ of circle then I'm sure will please more and help get into "frame of mind for Magic". For tis writ. "All acts of love and pleasure are my rituals," we are essentially free, to be one in the great Mother.

Please do not hesitate to ask specific questions, and I will answer to best of my ability. Had a general meeting last night, the H's. of Glasgow coven will answer your letter to myself, I do not write to them though either phone or come down, (on craft matters).

There will be 4 initiations soon, and the girl that I accepted and gave her date for 1st degree has offered to let me take photos of her, or should be over for you in say 6 to 8 weeks, according to when all coven can be present.

Your photos were very nice indeed, and hope to receive more, if you and yours. drop us a note any time, I'll be glad to help any way at all.

Haven't had proper chance to get Bronze Bracelet for Manira, but will soon as condition permit.

Greetings from Leticia WICA to those down under.

Blessed Be.
Selbach.
